Settlement Proposal (example)
Record of Decision
20 per. Mov. Avg. (mean plus std error)
20 per. Mov. Avg. (mean)
20 per. Mov. Avg. (mean minus std error)
"20 per. Mov. Avg." is the 20 day moving average of daily mean flow prior to the diversion project over the period 1912-1960. The green and blue lines trace the 20 day moving average value plus and minus one standard error of the mean. These values provide a measure of the typical range of historic daily mean flows.
